PATIENT AND CENTER RIGHTS AND RESPONSIBILITIES

Name: _____ Date of Birth: ____/____/____ Chart #: _____

Welcome to the Center. Our goal is to provide quality health care to qualified persons in this community, regardless of their ability to pay. As a patient, you have rights and responsibilities. The Center also has rights and responsibilities. We want you to understand these rights and responsibilities so you can help us provide better health care for you. Please read and sign this statement and ask us questions you might have.

A. **Human Rights**

You have a right to be treated with respect regardless of race, color, marital status, religion, sex, national origin, ancestry, physical or mental handicap or disability, age (over 40), Vietnam era veteran status, or other grounds not permitted by applicable federal, state and local laws or regulations.

B. **Payment For Services**

1. You are responsible for giving Staff accurate information about your present financial status and any changes in your financial status. The Staff need this information to decide how much to charge you and/or so they can bill private insurance, Medicaid, Medicare, or other benefits for which you may be eligible. If your income is less than the federal poverty guidelines, you will be charged a discounted fee.
2. You have a right to receive explanations of the Center's bill. You must pay, or arrange to pay, all agreed fees for medical services, with the exception of dental services, which are provided on a prepaid basis. If you cannot pay right away, please let Staff know so they can provide care for you now and work out a payment plan.
3. Federal law prohibits the Center from denying you primary health care services which are medically necessary, solely because you cannot pay for these services.

C. **Privacy**

You have a right to have your interviews, examinations and treatment in privacy. Your medical records are also private. Only legally authorized persons may see your medical records unless you request in writing for us to show them to, or copy them for, someone else. A complete discussion of your privacy rights will be given to you along with this document and is named the Center's Notice of Privacy Practices. Staff will request that you acknowledge your receipt of our Notice of Privacy Practices. The Notice of Privacy Practices sets forth the ways in which your medical records may be used or disclosed by the Center and the rights granted to you under the Health Insurance Portability and Accountability Act ("HIPAA").

D. **Health Care**

1. You are responsible for providing the Center complete and current information about your health or illness and current medications so that we can give you proper health care. You have a right, and are encouraged, to participate in decisions about your treatment.
2. You have a right to information and explanations in the language you normally speak and in words that you understand. You have a right to information about your health or illness, treatment plan, including the nature of your treatment; its expected benefits; its inherent risks and hazards (and the consequences of refusing treatment); the reasonable alternatives, if any (and their risks and benefits); and the expected outcome, if known. This information is called obtaining your informed consent.
3. You have the right to receive information regarding "Advance Directives." If you do not wish to receive this information, or if it is not medically advisable to share that information with you, we will provide it to your legally authorized representative.
4. You are responsible for appropriate use of Center services, which includes following Staff instructions, making and keeping scheduled appointments, and requesting a "walk in" appointment only when you are ill. Center professionals may not be able to see you unless you

have an appointment. If you are unable to follow instructions from the Staff, please tell them so they can help you.

5. If you are an adult, you have a right to refuse treatment or procedures to the extent permitted by applicable laws and regulations. In this regard, you have the right to be informed of the risks, hazards, and consequences of your refusing such treatment or procedures. Your receipt of this information is necessary so that your refusal will be "informed." You are responsible for the consequences and outcome of refusing recommended treatment or procedures. If you refuse treatment or procedures that your healthcare providers believe is in your best interest, you may be asked to sign a Refusal to Permit Medical Treatment or Services form or Against Medical Advice form (as appropriate).
6. You have a right to health care and treatment that is reasonable for your condition and within our capability, however, the Center is not an emergency care facility. You have a right to be transferred or referred to another facility for services that the Center cannot provide. You have a right to seek a second opinion on your condition. You have a right to obtain care from other clinicians of your chose within the agency. The Center does not pay for services that you receive from another healthcare provider.
7. If you are in pain, you have a right to receive an appropriate assessment and pain management, as necessary.

E. Center Rules

1. You have a right to receive information on how to appropriately use the Center's services. You are responsible for using the Center's services in an appropriate manner. If you have any questions, please ask us.
2. You are responsible for the supervision of children you bring with you to the Center. You are responsible for your children's safety and the protection of other patients and our property.
3. You have a responsibility to keep your scheduled appointments. Missed scheduled appointments cause delay in treating other patients. If you do not keep scheduled appointments you may be asked to meet with the Center's CEO to determine the reason for your missed appointments and whether you can continue as a patient of the Center.

F. Complaints

1. If you are not satisfied with our services, please tell us. We want suggestions so we can improve our services. Staff will tell you how to file a complaint.
2. If you complain, no Center representative will punish, discriminate or retaliate against you for filing a complaint, and the Center will continue to provide you services.

G. Termination

If the Center decides that we must stop treating you as a patient, you have a right to advance written notice that explains the reason for the decision, and you will be given thirty (30) days to find other health care services. However, the Center can decide to stop treating you immediately, and without written notice, if you have created a threat to the safety of the Staff and/or other patients. You have a right to receive a copy of the Center's Termination of the Patient and Center Relationship Policy and Procedure.

Reasons for which we may stop seeing you include:

1. Failure to obey Center rules and policies, such as keeping scheduled appointments;
2. Intentional failure to report accurately your financial status;
3. Intentional failure to report accurate information concerning your health or illness;
4. Intentional failure to follow the health care program, such instructions about taking medications, personal health practices, or follow up appointments, as recommended by your healthcare provider(s), and/or

NOTICE OF PRIVACY PRACTICES

Effective : April 14, 2003

To our Patients:

THIS NOTICE DESCRIBES HOW HEALTH INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

If you have any questions about this Notice, please contact the Center's Privacy Officer at: (830) 879-3047.

WHO WILL FOLLOW THIS NOTICE

This Notice of Privacy Practices ("Notice") describes South Texas Rural Health Services, Inc. (the "Center") privacy practices and that of all Staff, employees, contractors, healthcare providers (e.g., physicians, nurses and other licensed or certified personnel), volunteers, front desk, billing and administrative personnel, who have a need to use your health information to perform their job. It also applies to any individuals authorized to enter information into your Center record.

OUR PLEDGE REGARDING HEALTH INFORMATION

We understand that health information about you and your health is personal. We are committed to protecting health information about you. We create a record of the care and services you receive at the Center. We need this record to provide you with quality care and to comply with certain legal requirements. This Notice applies to all of the records of your care generated by the Center, whether made by Center personnel or other healthcare providers. Your other healthcare providers may have different policies or Notices regarding their use and disclosure of your health information created at their location.

We are required by law to:

- Maintain the privacy of health information that identifies you (with certain exceptions);
- Give you this Notice of our legal duties and privacy practices with respect to health information we collect and maintain about you; and
- Follow the terms of this Notice that is currently in effect.

HOW WE MAY USE AND DISCLOSE HEALTH INFORMATION ABOUT YOU

The following categories describe different ways that we may use and disclose health information. Following each category is an explanation. Not every use or disclosure in a category will be listed. However, all of the ways we are permitted to use and disclose information will fall within one of the categories.

DISCLOSURE AT YOUR REQUEST. We may disclose health information when requested by you. This disclosure at your request may require a written authorization by you.

FOR TREATMENT. We may use health information about you to provide you with medical treatment or services. We may disclose health information about you to doctors, nurses, technicians, students, or other Center personnel who are involved in taking care of you at the Center. For example, a doctor treating you for a broken leg may need to know if you have diabetes because diabetes may slow the healing process. Additionally, the doctor may need to tell the social worker if you have diabetes so we can arrange for appropriate follow up. Different areas of the Center also may share health information about you in order to coordinate the different things you need, such as medications, lab work and x-rays. We also may disclose health information about you to people outside the Center who may be involved in your healthcare after you leave the Center, such as nurses, social workers, family members, or clergy.

FOR PAYMENT. We may use and disclose health information about you so that the treatment and services you receive at the Center may be billed to and payment may be collected from you, an insurance company or a third party such as Workers Compensation. For example, we may need to give your health plan information about a procedure you received at the Center so your health plan will pay us or reimburse you for the procedure or encounter. We may also tell your health plan about a treatment you are going to receive to obtain prior approval or to determine whether your health plan will cover the treatment.

uses and disclosures are necessary to operate the Center efficiently and make sure that all of our patients receive quality care. For example, we may use health information to review the safety and the quality our treatment and services and to evaluate the performance of our staff in caring for you. We may also combine and analyze health information about many Center patients to decide what additional services the Center should offer, what services are not needed, and whether certain new treatments are effective. We may also disclose information to doctors, nurses, technicians, students, volunteers and other Center personnel for review and learning purposes. Additionally, we may combine the health information we have with health information from other Centers to compare how we are doing and to see where we can make improvements in the care and services we offer. We may remove information that identifies you from this set of health information so others may use it to study health care and health care delivery without learning who the specific patients are.

ADDITIONAL USES AND DISCLOSURES OF HEALTH INFORMATION INCLUDE:

APPOINTMENT AND PATIENT RECALL REMINDERS. We may use and disclose your health information to contact you to remind you regarding appointments or for health care that you are to receive.

SIGN IN SHEET. We may use and disclose health information about you by having you sign in when you arrive at the Center. We may also call out your name when you are ready to be seen.

TREATMENT ALTERNATIVES. We may use and disclose health information to tell you about or recommend possible treatment options or alternatives that may be of interest to you.

AS REQUIRED BY LAW. We will disclose health information about you when required to do so by federal, state or local laws or regulations.

BUSINESS ASSOCIATES. Some of our functions are accomplished through contracted services provided by "Business Associates." A "Business Associate" may include any individual or entity that receives your health information from us in the course of performing services for the Center. Such services may include, without limitation, legal, actuarial, accounting, consulting, data aggregation, management, administrative, accreditation or financial services. When these services are contracted, we may disclose your health information to our Business Associates so that they can perform the job we have asked them to do. To protect your health information, however, we require the Business Associate to appropriately safeguard your information.

DIRECTORY. We may include certain limited information about you in the Center directory while you are a patient at the Center. This information may include your name, address and general condition. Unless there is a specific written request from you to the contrary, this directory information may also be released to people who ask for you by name.

DISASTER RELIEF. We may disclose information about you to an entity assisting in disaster relief so that your family can be notified about your condition, status and location.

FUNDRAISING. We may use information about you in an effort to raise money for the Center and its operations. We may disclose health information to a foundation related to the Center so that the foundation may contact you in raising money for the Center. We only would release contact information, such as your name, address and phone number and the dates you received treatment or services at the Center. If you do not want the Center to contact you for fundraising efforts, you must notify the Center's Chief Executive Officer Alfredo Zamora Jr. at: (830) 879-5689 and in writing at: South Texas Rural Health Services, Inc. PO Box 599 Cotulla, Texas 78014

HEALTH-RELATED PRODUCTS AND SERVICES. We may use and disclose health information to tell you about our health-related products or services that may be of interest to you.

FAMILY, FRIENDS, OR OTHER INDIVIDUALS INVOLVED IN YOUR CARE OR PAYMENT FOR YOUR CARE. We may disclose your health information to notify or assist in notifying a family member, your personal representative, or another individual involved in or responsible for your health care about your location at the Center, your general condition, or in the event of your death. We may also disclose information to someone who helps arrange for payment for your care. If you are able and available to agree or to object, we will give you the opportunity to agree or object prior to making these disclosures, although we may disclose this information in the case

of a disaster even over your objection if we believe it is necessary to respond to the disaster or emergency situation. If you are unable or unavailable to agree or object, we will use our best judgment in any communication with your family, personal representative, and other involved individuals.

RESEARCH. Under certain circumstances, we may use and disclose health information about you for research purposes. For example, a research project may involve comparing the health and recovery of all patients who received one medication to those who received another, for the same condition. All research projects, however, are subject to a special approval process. This process evaluates a proposed research project and its use of health information, trying to balance the research needs with patients' need for privacy of their health information. Before we use or disclose health information for research, the project will have been approved through this research approval process. However, we may also disclose health information about you to people preparing to conduct a research project, for example, to help them look for patients with specific medical needs, so long as the health information they review does not leave the Center.

TO AVERT A SERIOUS THREAT TO HEALTH OR SAFETY. We may use and disclose health information about you when necessary to prevent a serious threat to your health and safety or the health and safety of the public or another person. For example, we may notify emergency response personnel about a possible exposure to Acquired Immune Deficiency Syndrome ("AIDS") and/or the Human Immunodeficiency Virus ("HIV"). Any such disclosure, however, would only be to the extent required or permitted by federal, state or local laws and regulations.

CHANGE OF OWNERSHIP. In the event that the Center is sold or merged with another organization, your health information/medical record will become the property of the new owner, although you will maintain the right to request that copies of your health information be transferred to another Center, medical group, physician or other healthcare provider.

SPECIAL SITUATIONS

FUNERAL DIRECTORS, CORONERS AND MEDICAL EXAMINERS. We may disclose your health information to funeral directors as necessary to carry out their duties. We may also disclose health information to a coroner or medical examiner. This may be necessary, for example, to identify a deceased person or determine the cause of death.

HEALTH OVERSIGHT ACTIVITIES. We may disclose your health information to a health oversight agency for activities authorized by federal, state or local laws and regulations. These oversight activities include, for example, audits, investigations, inspections, licensure, illegal conduct, or compliance with other laws and regulations. These activities are necessary for the government to monitor the health care system, government programs, and compliance with civil rights laws.

INMATES. If you are an inmate of a correctional institution or under the custody of a law enforcement official, we may disclose health information about you to the institution or law enforcement official, if the disclosure is necessary (1) for the institution to provide you with health care; (2) to protect your health and safety or the health and safety of others; or (3) for the safety and security of the correctional institution.

LAW ENFORCEMENT. We may release your health information if asked to do so by a law enforcement official in the following circumstances: (a) In response to a court order, subpoena, warrant, summons or similar process; (b) To identify or locate a suspect fugitive, material witness, or missing person; (c) About the victim of a crime, if, under certain limited circumstances, we are unable to obtain the person's agreement; (d) About a death we believe may be the result of criminal conduct; (e) About criminal conduct at the Center; and/or (f) In emergency situations to report a crime; the location of the crime or victims; or the identity, description or location of the person who committed the crime.

LAWSUITS AND DISPUTES. If you are involved in a lawsuit or a dispute, we may disclose your health information to the extent expressly authorized by a court or administrative order. We may also disclose health information about you in response to a subpoena, discovery request, or other lawful process by someone else involved in the dispute, but only if reasonable efforts have been made to notify you of the request (which may include written notice to you) and you have not objected, or to obtain an order protecting the information requested.

MILITARY AND VETERANS. If you are a member of the armed forces, we may release health information about you as required by military authorities. We may also release health information about foreign military personnel to the appropriate foreign military authority.

NATIONAL SECURITY AND INTELLIGENCE ACTIVITIES. We may release health information about you to authorized federal officials for intelligence, counter-intelligence, and other national security activities authorized by law.

ORGAN AND TISSUE PROCUREMENT ORGANIZATIONS. If you are an organ donor, we may disclose health information to organizations that handle organ procurement or organ, eye or tissue transplantation or to an organ donation bank, as necessary to facilitate organ or tissue donation and transplantation.

PROTECTIVE SERVICES FOR THE PRESIDENT AND OTHERS. We may disclose health information about you to authorize federal officials so they may provide protection to the President, other authorized persons, or foreign heads of state or to conduct special investigations.

PUBLIC HEALTH REPORTING. We may disclose health information about you for public health activities. We will only make this disclosure if you agree or when required or authorized by law. These activities generally include the following: (a) To prevent or control disease, injury or disability; (b) To report births and deaths; (c) To report the abuse or neglect of children, elders and dependent adults; (d) To report reactions to medications or problems with products; (e) To notify people of recalls of products they may be using; and (f) To notify a person who may have been exposed to a disease or may be at risk for contracting or spreading a disease or condition.

VICTIMS OF ABUSE, NEGLECT OR DOMESTIC VIOLENCE. We may disclose your health information to notify the appropriate government authority if we believe that a patient has been the victim of abuse, neglect, or domestic violence. We will only make this disclosure when required or authorized by law.

WORKERS' COMPENSATION. We may disclose health information about you for workers' compensation or similar programs. These programs provide benefits for work-related injuries or illness.

SECURITY CLEARANCES. We may use medical information about you to make decisions regarding your medical suitability for a security clearance or service abroad. We may also release your medical suitability determination to the officials in the Department of State who need access to that information for these purposes.

MULTIDISCIPLINARY PERSONNEL TEAMS. We may disclose health information to a state or local government agency or a multidisciplinary personnel team relevant to the prevention, identification, management or treatment of an abused child and the child's parents, or elder abuse and neglect.

SPECIAL CATEGORIES OF HEALTH INFORMATION. In some circumstances, your health information may be subject to additional restrictions that may limit or preclude some uses or disclosures described in this Notice or Privacy Practices. For example, there are special restrictions on the use and/or disclosure of certain categories of health information. For example, (1) AIDS treatment information and HIV tests results; (2) treatment for mental health conditions and psychotherapy notes; (3) alcohol, drug abuse and chemical dependency treatment information; and/or (4) genetic information, are all subject to special restrictions. YOUR PRIVACY RIGHTS

You have the following rights regarding health information we maintain about you:

RIGHT TO INSPECT AND COPY. You have the right to inspect and copy health information that may be used to make decisions about your care. Usually this includes medical and billing records, but may not include some mental health information. If you request a copy of your health information that may be used to make decisions about your care, we may charge a fee for the costs of copying, mailing or other supplies associated with your request. To inspect and copy health information that may be used to make decisions about you, you must submit your request in writing to:

South Texas Rural Health Services, Inc.

PO Box 599

Cotulla, Texas 78014]

We may deny your request to inspect and copy in specific circumstances. If you are denied access to your health information, you may request that the denial be reviewed. Another licensed health care professional chosen by the Center will review your request and the denial. The person conducting the review will not be the person who denied your request. The Center will comply with the outcome of the review.

RIGHT TO REQUEST RESTRICTIONS. You have the right to request a restriction or limitation on the health information the Center uses or discloses about you for treatment, payment or health care operations. You can also request a restriction or limitation on the health information we disclose about you to someone who is involved in your care or the payment for your care, like a family member or friend. For example, you could ask that we not use or disclose information about a surgery you had.

WE RESERVE THE RIGHT TO ACCEPT OR REJECT YOUR REQUEST. If we do agree, we will comply with your request unless the information is needed to provide you emergency treatment. We will notify you if we do not agree to a requested restriction.

To request restrictions, you must submit a written request to the Center at the above address. In your request, you must state: (1) what information you want to limit; (2) whether you want to limit its use, disclosure or both; and (3) to whom you want the limits to apply; for example, no disclosures to your spouse.

RIGHT TO AMEND. If you feel that health information we have about you is incorrect or incomplete, you may ask us to amend the information. You have the right to request an amendment to your health information for as long as the information is kept by or for the Center. You must make your request to amend your health information, in writing, and submit it to the Center at the above address. You must include a reason that supports your request. In addition, we may deny your request if you ask us to amend information that:

1. Was not created by us, unless the person or entity that created the information is no longer available to make the amendment;
2. Is not part of the health information kept by or for the Center;
3. Is not part of the information which you would be permitted to inspect and copy; or
4. Is accurate and complete.

The law permits us to deny your request for an amendment if it is not in writing or does not include a reason to support the request.

Even if the Center denies your request for amendment, you have the right to submit a written addendum, not to exceed 250 words, with respect to any item or statement in your record you believe is incomplete or incorrect. If you clearly indicate in writing that you want the addendum to be made part of your medical record we will attach it to your records and include it whenever we make a disclosure of the item or statement you believe to be incomplete or incorrect.

REQUEST AN ACCOUNTING OF DISCLOSURES. You have the right to request an "accounting of disclosures." Such an accounting is a list of the disclosures we made of health information about you other than our own uses for treatment, payment and health care operations (as those functions are described above) and with other exceptions pursuant to law. To request this list or accounting of disclosures, you must submit your request in writing to the Center at the above address. Your request must state a time period that may not be longer than six (6) years and may not include dates before April 14, 2003. Your request should indicate in what form you want the list (for example, on paper or electronically). The first list you request within a 12-month period will be free. For additional lists, we may charge you for the costs of providing the list. We will notify you of the cost involved and you may choose to withdraw or modify your request at that time before any costs are incurred.

RIGHT TO REQUEST CONFIDENTIAL COMMUNICATIONS. You have the right to request that we communicate with you about health matters in a certain way or at a certain location. For example, you can ask that we only contact you at work or by mail. You must make your request for confidential communications in writing to the Center at the address noted above. We will not ask you the reason for your request. We will accommodate all reasonable requests. Your request must specify how or where you wish to be contacted.

RIGHT TO OBTAIN A PAPER COPY OF THIS NOTICE. You have the right to receive a paper copy of this Notice. You may request a copy of this Notice at any time. Even if you have agreed to receive this Notice electronically, you are still entitled to a paper copy of this Notice.

CHANGES TO THIS NOTICE

We reserve the right to change this Notice at any time. We reserve the right to make the revised or changed Notice effective for all health information we have about you as well as any information we receive in the future. We will post a copy of the current Notice in the Center. The Notice will contain on the first page, in the top right-hand corner, the effective date. If we amend this Notice, we will offer you a copy of the current Notice in effect. You may request a copy of the current Notice each time that you visit the Center for services or by calling the Center and requesting that the current Notice be sent to you in the mail.
